SAMPLE GARDEN DESIGNS

The following sample Square Foot Garden maps will give you a place to start as you plan your own square foot vegetable garden. Although we’ve presented these as classic 4 × 4-foot boxes, remember that you can configure your own garden in whatever shape you like as long as it still has 1 × 1-foot squares. In most of these maps, the top row is fitted with a trellis, and this is intended to be the northern edge of the garden.
